

# Indonesia – Highlights of Bali and Java

## Tour Code BJ

### Departing 5 - 19 July 2021

Indonesia is a vast patchwork of islands that bridge the Pacific and Indian Oceans, each with an individual story to tell. Indonesia's alluring cultural identity is formed from a blend of influences from India, Malaya, the Dutch colonial era and hundreds of indigenous tribes each with their own spiritual beliefs and dialects. This trip is a perfect introduction to the cultural and scenic beauty of Indonesia, concentrating on the two most culturally rich yet uniquely different islands of Java and Bali. The many highlights along the way include the world famous Buddhist monument of Borobudur, the chance to see sunrise at the awe inspiring landscapes of Mount Bromo and Bali's artistic and cultural heartland around Ubud.
